COVID 19 POLICY- COMMUNITY LEVEL UPDATE (August 19, 2022)

After easing the face-covering requirement in accordance to CDC guidelines, we have been constantly monitoring the COVID 19 community levels per county.

Employees, students and/or visitors of campuses in counties that have high, medium, or low levels of COVID cases will follow the rules below:

- LOW/ ● MEDIUM- Masks are voluntary inside the campus for counties reporting low and medium levels.
- HIGH- Masks are mandatory inside the campus for counties reporting high incidence levels.

As of today, DAVE School, Deland, and Orlando Campus have MEDIUM COVID 19 community level.
Any employee, student and/or visitor at the campus may opt not to wear a facemask.

With the exception of the above locations, all other campuses have HIGH COVID 19 community levels. Any employee, student and/or visitor at these locations are required to wear a facemask.

We continue to monitor the weekly reports provided by the CDC and will publish any updates. The campuses will post signs at all points of entry to inform of the facemask requirement status.

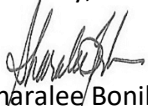

Having said that, the COVID 19 protocol will continue in place and before visiting the campus, if you respond "YES" to any of the questions below, please refrain from going to campus or, if you have already traveled to campus, please exit the campus immediately and notify your Supervisor and/or Instructor.

1. Are you still under an isolation or quarantine period for potential COVID-19 contagion?
2. Have you had a fever or felt feverish in the last 72 hours?
3. Are you experiencing any new respiratory symptoms including a runny nose, sore throat, cough, or shortness of breath?
4. Are you experiencing any new muscle aches or chills?
5. Have you experienced any new change in your sense of taste or smell?
6. Have you taken the COVID-19 test in the past 5 days, and have not received the results?
7. Have you been in close contact with a confirmed case of COVID-19 within the past 10 days?

Your safety continues to be of utmost importance for us. Help us stop the spread.

You may contact our Human Resources Department should you have any questions to 407-483-5642.

Cordially,

Sharalee Bonilla
Human Resources Manager
